Principal's Message

If the concept that "child by child we build a nation" is, indeed, a truism, then it follows that educated child by educated child we build a nation strong in responsible citizens of good character who set goals and achieve objectives to their personal benefit as well as the community's.

Stratford School's goal is to prepare all students to function as informed, productive citizens; to achieve success in the work environment and to realize personal fulfillment. In order for Stratford to fulfill this goal, students must attain high levels of academic achievement. For students to attain high levels of achievement, Stratford School, its students, their parents, and the community each have responsibilities which must be fulfilled.

By working together, we can ensure that students maximize and enjoy the learning opportunities at Stratford and develop the skills necessary to make them successful learners. As always, the Stratford staff appreciates your support. Should parents need to contact Stratford's personnel, they may telephone the school office at (559) 925-2605.

Mission Statement

Stratford School's mission is to provide a positive school environment for the benefit of all students and to ensure that each student feels personally connected to the school, attains high levels of academic achievement, and develops high standards of personal behavior, based upon the six pillars of character (i.e., caring, trustworthiness, citizenship, fairness, respect, and responsibility) that are part of the District's character education program.

School Profile

Established in 1921, Stratford School has twice been recognized as a California Distinguished School. As one of four elementary schools in

the Central Union School District, Stratford School is located in the town of Stratford, six miles south of Lemoore. Many of Stratford's students' parents, grandparents, and even great-grandparents attended Stratford before them.

During the 2011-12 school year, 290 students were enrolled, including 15.2% in special education, 95% qualifying for the free or reduced-price meal program, and 63.4% qualifying for English learner support. Stratford School achieved a 2012 Academic Performance Index (API) score of 743.

Parent Involvement

At Stratford School, parents are encouraged to become active members of the school's learning community and assist in its goal to develop independent, self-reliant, lifelong learners. Parents are invited to volunteer in classrooms and for school committees. All volunteers must attend a mandatory District-sponsored Parent Volunteer training and obtain background clearance.

Parents are encouraged to participate in the School Site Council, District Advisory Council, English Learner Advisory Committee, Migrant Group, and Parent Teacher Club. The

principal and school staff welcome parents to participate in field trips, Open House, Back to School Night, and annual Title I meeting. Parent volunteers are welcome to assist school staff in the library and classrooms.

Stratford School recently established a School Advisory Council in accordance with Economic Impact Aid funding requirements. This governing body is comprised of elected parents and school staff members. Council members are responsible for providing input into the development of the school plan. The School Advisory Council may and has elected to relinquish its duties to the School Site Council.

A variety of workshops are offered throughout the school year in the Family Resource Center; all parents are welcome to attend. Parents may contact their student's teacher or Principal Bilbo at (559) 925-2605 to obtain more information.

Community Involvement

Partnerships are important to Stratford School, who is indeed fortunate to have partnerships with the Kings County Sheriff's Department and the Stratford Volunteer Fire Department. Kings County Sheriffs on duty in the Stratford area drop by the school on a regular basis to visit with children and show support for the school.

School Communications

All school-to-home communication is provided in both English and Spanish. Parents are kept informed of school activities, events and announcements on a regular basis and in various formats. School Messenger, an Internet-based telephone messaging system, is used to quickly forward important messages from school staff to each student's home. Important information can be found on the school's website and marquee, in the principal's newsletters, and on the bulletin board located inside the school office. When necessary, flyers are sent home with students, and very important announcements are mailed to students' homes.

Student Achievement

District Benchmark Assessments

Central Union School District administers its own set of comprehensive assessments to all K-5 students to determine individual levels of academic proficiency in reading, writing and math. Teachers for students in grades 3-5 develop formative assessments for both language arts and math evaluation once each trimester. Students in grades 6-8 participate in reading, writing, math, history, and science benchmark assessments. Each assessment is aligned to District and state content standards and are given at the end of each trimester.

Assessment results are shared with teachers and District administration to evaluate the effectiveness of the curriculum and identify students who may need additional academic intervention. Individual student results are

shared at parent conferences and mailed to each student's home. Teachers share assessment results with students in grades 3-8 to increase the student's awareness of his/her academic progress and to establish common individual goals.

Standardized State Assessments

Students at Stratford School participate in California's STAR examination each year. The mandatory STAR Program (Standardized Testing and Reporting) is a set of assessments that evaluates student proficiency in core subject areas and compares student results with other students in the state who took the same test. The STAR is comprised of a series of four components: the California Standards Tests (CST), the California Alternative Performance Assessment (CAPA), the California Modified Assessment (CMA), and Standards-based Tests in Spanish (STS).

California Standards Tests (CST)

California Standards Tests assess student performance on the California Academic Content Standards adopted by the State Board of Education. Performance standards identify the level of student mastery of the content standards tested. The state target for every student is to score at the Advanced or Proficient level. Students scoring at the Far Below Basic, Below Basic, and Basic levels may receive differentiated instruction through school intervention programs designed to increase student proficiency levels to meet grade level standards. The STAR tables in this report illustrate the percentage of students achieving Proficient and Advanced levels on the CST exam. Results are shown only for subgroups with ten students or more taking the exam. Detailed results by grade level for each student group can be obtained from the California Department of Education's website <http://star.cde.ca.gov>.

Academic Performance Index

The state Academic Performance Index (API) was launched by the California Department of Education in 1999 to measure the performance and progress of schools based on STAR and CAHSEE testing results. (Note: CAHSEE is the California High School Exit Exam administered to students in grades 10-12 as part of the state's graduation requirements.) The API is used to develop annual schoolwide performance growth targets for future academic improvement.

The API measures academic performance and growth of California's schools based on a numeric scale ranging from a low 200 to a high 1000. Academic growth is measured by subtracting the base year API from the growth API. API growth scores are based upon the results of state standardized tests. Schools that do not meet or exceed their growth targets and are ranked in the bottom half of the statewide distribution may qualify for intervention program funding. Each annual API reporting cycle includes two reports: a base report, which is released after the first of the calendar year, and a growth report, which is released after school starts in the fall. These reports are based on APIs calculated in exactly the same fashion with the same indicators but using test results from two different years.

The API table in this report highlights Stratford School's progress over the past three years. To maintain confidentiality, results are reported for numerically significant subgroups only. Numerically significant subgroups are comprised of (1) at least 100 students with valid test scores or (2) at least 50 valid scores comprising at least 15% of the valid test scores.

Adequate Yearly Progress

The Federal No Child Left Behind Act (NCLB) requires that all students perform at or above the proficient level on the state's standards-based assessment by the year 2014. Meeting Adequate Yearly Progress (AYP) milestones helps determine whether students are reaching proficiency level targets set by NCLB. AYP requires annual evaluation and reporting of the academic progress of all students and defined student subgroups.

For the 2011-12 AYP cycle, elementary and middle schools must achieve a 78.4% or higher proficiency rate in English/Language Arts and 79% or higher proficiency rate in math on the California Standards Test (CST). Additional criteria contributing to whether or not a school demonstrates AYP include achieving a 95% or above participation rate on the CST and obtaining an API growth score of 740 or higher or increasing the API growth by one point.

No Child Left Behind (NCLB)

The No Child Left Behind (NCLB) Act is part of the Federal Title I funding program designed to support additional staffing and programs to meet the needs of low-income, low achieving students, and other designated students with

special needs. Schools may apply, based upon their student demographics, for one of two types of Title I funding: Title I Schoolwide or Title I Targeted Assistance. Title I Schoolwide schools use federal funds for schoolwide improvement of student achievement. Title I Targeted Assistance schools use federal funds to help those students who meet specific program criteria. In 2011-12, Stratford School qualified for Schoolwide Title I funding and is subject to comply with Title I program participation requirements.

The statistical information in this table reflects the PI status during the 2012-13 school year.

Any school receiving Title I funds is required to comply with respective program testing and reporting activities, achieve specific levels of student proficiency, and monitor school progress towards meeting established goals. California Adequate Yearly Progress calculations determine whether a Title I school has met performance goals. Schools not meeting specific AYP criteria enter Program Improvement, a monitoring system and curriculum enhancement program designed to help schools to increase student proficiency levels. More information about Title I and Program Improvement can be located on the CDE's website www.cde.ca.gov/ta/ac/ti/.

Physical Fitness

In the spring of each year, Stratford School is required by the state to administer a physical fitness test to all students in grades five and seven. The physical fitness test measures each student's ability to complete six fitness tasks in six major areas. Students that either meet or exceed the standards in all six fitness areas are considered to be physically fit or

School Facilities & Safety

Stratford School provides a safe, clean environment for learning through proper facilities maintenance and campus supervision. Ongoing maintenance ensures school facilities are kept safe and in good working condition and continue to provide adequate space for students and staff. "Think Safety" is the District Safety Committee's primary goal. Comprised of one administrator and one custodian from each school site, the committee supervises school inspections and focuses on issues to prevent and reduce accidents.

- Repaired sprinkler booster pump
- Repaired drinking fountains
- Replaced garbage disposal

Campus Supervision

After students arrive on campus through one main gate in the morning, instructional aides supervise students on the playground and in the cafeteria where breakfast is served. Instructional aides supervise playground activities during recess. Lunchtime activities are supervised by instructional aides in the cafeteria and on the playground. At the

end of the day, teachers supervise the bus loading area to ensure students depart safely. Students in grades K-3 are received at one of the designated main gates by their parent or guardian and escorted off campus. Stratford School provides two-way radios to those who are supervising students to quickly facilitate routine and urgent communications.

The student handbook outlines school policies and procedures concerning emergency situations, school bus safety, playground behavior, first aid, illness, health issues, and special services. Earthquake preparedness and drop drills are conducted once each trimester; fire drills are held once a month. All visitors are required to visit the school office upon arrival and departure of school grounds.

School Site Safety Plan

The Comprehensive School Site Safety Plan was developed for Stratford School in collaboration with local agencies and District administration to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and department from school, sexual harassment policy, dress code policy, and bully prevention policy. The most current school site safety plan was reviewed, updated, and shared with school staff in September 2012. Components of the School Site Safety Plan were discussed at monthly staff meetings throughout the school year. An updated copy of the school site safety plan is available to the public at the Central Union School District office and the school site.

School Inspections

Stratford School works closely with the District's maintenance department for larger projects that may require third party contractors, routine facilities maintenance projects, special projects, and school inspections. The most recent facilities inspection at Stratford School took place on August 3, 2012. During the 2011-12 school year, 100% of restrooms were fully operational and available for student use at all times.

Campus Maintenance

The custodial staff and District's maintenance department work together to ensure playgrounds, classrooms, and campus grounds are well-maintained and kept safe and functioning for students, staff, and visitors. One full-time day custodian and three part-time evening custodians are assigned to Stratford School and work closely with the principal for routine maintenance, daily custodial duties, and special events. The principal and day custodian communicate daily regarding school facilities and maintenance issues; once a week the principal holds a plant meeting which includes all custodial staff, office staff, cafeteria staff, and the Family Resource representative to share and review custodial concerns, responsibilities, and activities schedules.

Every morning before school begins, the day custodian inspects facilities for safety hazards or other conditions that need attention prior to students and staff entering school grounds. Any graffiti or signs of vandalism are removed prior to students arriving to school. Twice a day during school hours, restrooms are checked for cleanliness and supplies. As required by law, an inspection and cleaning log is maintained in each bathroom. The day custodian ensures the cafeteria is cleaned thoroughly after breakfast and lunch are served. The evening custodians are responsible for cleaning classrooms and restrooms.

The District's maintenance department employs a work order process that enables Stratford School to communicate maintenance needs. Teachers and staff of Stratford School communicate safety issues and general maintenance needs directly with the site custodial team by placing requests on the custodian's clipboard or submitting requests by e-mail. Requests are typically fulfilled within one to two working days. The day custodian is qualified and equipped to handle most minor repairs that the school requires. Emergency situations are regularly resolved in one hour or less by school or District custodial staff, based upon the nature of the situation.

Deferred Maintenance

Central Union School District participates in the State School Deferred Maintenance Program which provides dollar-for-dollar matching funds to assist school districts with major repairs or replacement of existing school building components. Deferred maintenance projects generally include roofing, plumbing, heating, air conditioning, electrical systems, interior/exterior painting, and floor systems. During the 2011-12 school year, Stratford School received \$21,345 of deferred maintenance funds which were used for asphalt repairs and installation of a new heating/ventilation/air conditioning unit.

Note: The California Department of Education requires the most recent information to be provided regarding school safety and facilities; data collected and disclosed in this report regarding school safety and facilities was acquired in September 2012.

Classroom Environment

Discipline & Climate for Learning

Stratford School strives to ensure that all its students enjoy maximum learning opportunities within a safe and orderly environment by providing an academically stimulating, yet disciplined, learning climate for all students. Discipline fosters respect - respect for self, for others, for authority, and for rules that support a positive learning environment. The Central Union School District *Student Conduct Code*, which is available on the District's website and sent home with each student at the beginning of the school year, outlines expected student behavior and the consequences for inappropriate behavior.

The principal holds grade level assemblies, one with grades K-3 and one with grades 4-8, at the beginning of the school year to review the student handbook and discuss behavior expectations. Schoolwide behavior management policies and discussions emphasize the three R's: Respect for self, Respect for others, Respect for property. Throughout the year, school rules and policies are communicated as necessary in daily morning announcements, through notes sent home to parents, and at parent conferences.

Each morning after students settle into their first class of the day, the principal delivers his daily bulletin which helps set a positive tone for the rest of the day (Project Wisdom). Students look forward to the principal's animated delivery of thought-provoking messages designed to teach and inspire students in understanding core ethical values and developing caring behaviors.

Stratford's teachers and principal practice a counseling approach to student discipline which reinforces students' accountability for their actions and teaches viable alternatives for handling difficult social and personal interactions. Through the Character Counts program, students learn about the Six Pillars of Character: trustworthiness, respect, responsibility, fairness, caring, and

citizenship. Stratford encourages positive student behavior through informal counseling by staff members; formal counseling, when needed, by the principal, assistant principal, and/or psychologist; referral to the Student Study Team; detention; and/or suspension.

Students whose behavior is seriously and/or repeatedly inappropriate may be placed in an alternate educational setting or expelled from the District. The principal is the primary counseling resource for students. Those who need a little extra help with their behavior are given the opportunity to meet with the principal to discuss and examine their behavior, their choices, and positive alternative choices. On occasion, small group counseling sessions are conducted by the principal with students who need focused assistance with communication and conflict resolution.

This table illustrates the total cases (not number of days) of suspensions and expulsions, and includes students with multiple instances of suspension. For example, a student suspended in one month for two days and then suspended a month later for three days is counted as two cases of suspension.

Students who feel good about themselves and given the opportunity to receive recognition for their achievements are more likely to perform well academically and socially. At the end of each trimester, students are recognized for attaining both academic and behavioral goals. At the end of each month, students who achieve a perfect attendance record are rewarded with a special school certificate and a gift certificate to Sizzler. For those students who successfully complete the trimester without receiving any discipline tickets or conduct referrals may participate in special student reward days. Students who reach Advanced and Proficient levels of performance on trimester assessments in reading, writing, math, and/or science receive a special certificate. Ongoing, daily recognition of positive student behavior and achievements is encouraged and practiced by all Stratford School staff. Other honors and awards include:

- Annual Perfect Attendance Awards
- Student of the Month Awards
- Sports Awards
- STAR Dinner Guest
- Word of the Day Prize Drawings
- Character Counts Awards

Extracurricular & Enrichment Activities

Students are encouraged to participate in the school's additional academic and extracurricular activities that promote positive attitudes, encourage achievement, and aid in the prevention of behavioral problems. Extracurricular activities, clubs, and enrichment programs include:

- Student Council
- Peach Blossom Festival (Grades 1-6)
- Young Master's Art Contest (Grades K-8)
- Winter Festival and Spring Festival
- ASES (After School Education & Safety)

The school's athletic programs promote individual and team-oriented achievement through school-sponsored teams. Practices for competitive sports programs take place before school, during lunch, and after school.

- Volleyball - Boys and Girls, Grades 4-8
- Track - Boys and Girls Grades 4-8
- Basketball - Boys and Girls Grades 4-8
- Flag Football - Grades 4-8

Homework

Homework is a fundamental part of the learning process that helps students develop basic academic and study skills as well as promote student responsibility and self-discipline. Homework is assigned on a regular basis for all grade levels and major subject areas. Each teacher determines the appropriate measure of homework for his or her students. Third through eighth grade students will have assignment books in their binders that list homework to be completed on a nightly basis, Monday through Thursday. Students are expected to complete their homework assignments in a timely manner and to the best of their ability. Parents are encouraged to provide a supportive environment for homework activities, be responsible for reviewing homework assignments with their child, and check with the student's teacher immediately should there be no evidence of homework.

School Attendance

Regular attendance is a necessary part of the learning process, critical to academic success and a priority at Stratford School. "We truly believe that missing school is missing out." Attendance, tardy, and truancy policies are clearly stated, consistently enforced, and consequences fairly administered. The school monitors student attendance very closely and reports excessive unexcused absences to designated authorities, including the District's School Attendance Review Board (SARB). During the 2011-12 school year, the actual attendance rate for all grade levels for Stratford School was 96.8%.

Curriculum & Instruction

Instructional Materials

All textbooks used in the core curriculum throughout Central Union School District are aligned to the California Content Standards and Frameworks. Instructional materials for grades K-8 are selected from the state's most recent list of standards-based materials and adopted by the State Board of Education. The District follows the State Board of Education's six-year adoption cycle for core content materials.

District textbook review and adoption activities occur the year following the state's adoption.

On September 10, 2012, the Central Union School District Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students, including English Learners, in the District. The Board of Trustees adopted Resolution #M-09-10-2012 which certifies, as required by Education Code section 60119, that (1) each pupil has a textbook or instructional materials, or both, to use in class and to take home, (2) sufficient textbooks and instructional materials were provided to each student, including English Learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in the math, science, history-social science, English/language arts, health* (*as a component of the science curriculum), and visual and performing arts.

Note: Central Union School District is not subject to certifying instructional materials acquisition for foreign language courses, health courses, and lab science equipment typically offered in grades 9-12. The California Department of Education requires the most recent information to be provided regarding textbooks and instructional materials, data collected and disclosed in this report regarding instructional materials were acquired in September 2012.

Staff Development

Central Union School District and its four school sites combine efforts to provide training and curriculum development based on the California State Content Standards and Frameworks and Common Core State Standards for grades kindergarten through eight. Teachers within the District align classroom curriculum to ensure that all students either meet or exceed state proficiency levels.

Over a five-year period, beginning with the 2010-11 school year, Central Union School District is making great strides to

align instructional programs with Common Core State Standards (CCSS) and prepare for full implementation by June 2015. District administration has developed a comprehensive plan to develop leadership teams, train teachers, update instructional resources, and implement standards-based changes to:

- Math Frameworks and Adoptions
- Language Arts Frameworks and Adoptions
- Writing Frameworks
- Student Assessment
- Student Report Card Content

The writing and implementation of Central Union School District's curriculum is an ongoing process, designed to meet the changing needs in the areas of instructional improvement, implementation of state standards, and adoption of instructional materials. Teachers and administrators at each school site serve on curriculum committees. The committees review the state standards and frameworks, establish benchmarks and expectations in specific subject areas, develop benchmark tests, determine staff development needs, analyze test results, prompt grade level collaboration, and select textbooks and supplementary teaching materials.

During the 2011-12 school year, Central Union School District sponsored two non-student professional development days focused on Reading Language Arts. Additional Districtwide training sessions concentrated on:

- Align Lesson Pacing with Benchmarks
- Art and Music Teachers - School Visits
- Behavioral Lesson Plans
- Bloom's Taxonomy Step-Up to Writing and Thinking Maps
- Creating an Apps Bank
- Creating Common Formative Assessments
- Creating Pacing Guides
- Creating Writing Assessments

Throughout the 2011-12 year, the District supported eight afternoon staff development sessions; teachers from each school participated in staff development activities based upon the District's instructional focus areas.

2011-12 Afternoon Staff Training:

- Align Lesson Pacing with Benchmarks and Revise Reading/Language Arts Benchmark Stories
- Aligning Writing with the Common Core
- Analysis of Benchmarks for the Common Core
- Behavioral Learning Plans
- Creating an Apps Bank
- Creating Common Formative Assessments
- Creating Pacing Guides

As part of the growth process, voluntary supplemental training for new and ongoing programs support. During the 2011-12 school year, district-sponsored supplemental training topics included:

- Corey Greenlaw - Data Training
- iPad Users Workshop
- STAR Training

Site-based conferences are held to discuss the quality of instruction and to provide suggestions for teachers to improve classroom practices based upon evaluation of student performance data. Certificated staff attend workshops, conferences, and training programs offered by neighboring districts, county offices of education, and professional consultants. External training activities enable access to research-based strategies relative to individual areas of expertise and responsibility. Participation in third-party training during the 2011-12 school year reinforced Districtwide concentration in developing effective instructional strategies, common core standards development, technology integration, and student assessment.

Instructional aides receive training in instructional strategies to assist students with reading skills improvement, First Aide/CPR, ExCEL (explicit direct instruction), and Reading Mastery. Classified staff acquire job-related training through in-house sponsored workshops provided by department supervisors or product vendors. New teachers (new to the District or new to teaching) receive intensive support and training through the county BTSA (Beginning Teacher Support and Assessment) program. For beginning teachers and new teachers recruited from out-of-state, BTSA provides support and skill-building through formative assessment and individualized support based on assessment.

Site-Based Staff Training

During the 2011-12 school year, Stratford School's individual training efforts focused on:

- Common Core Standards
- English Language Development
- Best Practices to Serve English Language Learners
- Language Arts - Observation, Modeling

Professional Staff

Teacher Assignment

Stratford School recruits and employs highly qualified credentialed teachers. For the 2011-12 school year, the school had 16 fully credentialed teachers. The Federal No Child Left Behind Act requires that all teachers in core subject areas meet certain requirements in order to be considered as "NCLB Compliant". Minimum qualifications include: possession of a bachelor's degree, possession of an appropriate California teaching credential, and demonstrated competence in core academic subjects.

The adjacent table identifies the number of classrooms taught and not taught by NCLB compliant teachers. High poverty schools are defined as those schools with student participation of approximately 75% or more in the free and reduced price meals program. Low poverty schools are those with student participation of approximately 25% or less in the same program. More information on teacher qualifications required under NCLB can be found on the CDE Improving Teacher and Principal Quality web page at www.cde.ca.gov/nclb/sr/tq/.

Counseling & Support Services Staff

It is the goal of Stratford School to assist students in their social and personal development as well as academics. The school provides special attention to students who experience achievement problems, difficulty coping with personal and family problems, trouble with decision making or handling peer pressure.

Diagnostic and prescriptive teachings, the resource specialist program, counseling by a teacher or other staff member, and involvement of outside agencies when necessary are available and utilized for Stratford School students who need this type of assistance. Parents are involved in all of these processes and are kept fully informed of their child's progress.

Salary & Budget Comparison

State law requires comparative salary and budget information to be reported to the general public. For comparison purposes, the State Department of Education has provided average salary data from school districts having similar average daily attendance throughout the state.

Expenditures Per Student

For the 2010-11 school year, Central Union School District spent an average of \$10,037 to educate each student (Current Expense of Education per ADA, based on 2010-11 audited financial statements and calculated in accordance with Ed Code 41372). The table below 1) compares the school's per pupil expenditures from unrestricted (basic) sources with other schools in the District and throughout the state, and 2) compares the average teacher salary at the school site with average teacher salaries at the District and state levels. Detailed information regarding expenditures and salaries can be found at the CDE website at www.cde.ca.gov/ds/fd/ec/ and www.cde.ca.gov/ds/fd/cs/. (The figures shown in the table below reflect the direct cost of educational services, per ADA, excluding food services, facilities acquisition and construction, and certain other expenditures.)
